Michigan Supreme Court  
c/o Supreme Court Clerk  
P.O. Box 30052  
Lansing, MI 48909

Ref: Court Rule No. 2003-47

Dear Clerk of the Court:

I am writing this letter to protest proposed Court Rule No. 2003-47. It is my understanding that this rule, if enacted, will prohibit individuals with non-cancerous asbestos lung disease to seek and recover damages against manufacturers and property owners who allowed asbestos to be used by workers. This restricts what is our constitutional right as citizens of the State of Michigan and the United States.

Inasmuch as elementary civics taught us about separation of the legislative, judicial, and executive branches of government, I am concerned that the Michigan Supreme Court would consider a petition that could, in effect, change the law. I expect judges to interpret the law, not alter it.

It disturbs me that in the State of Michigan, if Court Rule No. 2003-47 is put into effect, big business may not be held accountable for their actions. It would be unjust for the victims to shoulder the consequences of corporate mistakes.

Respectfully yours,

Henry A. Krajniak

Sandra K. Krajniak
